## Experience

### Senior Designer at Big Communications

2007 - Present (Senior Designer) | 2004- 2007 (Designer)

On fast-turn and high-priority projects, I lead teams of designers and serve as design/creative/technical mentor and as consultant to work processes. I create and design multimedia programs and communications, and produce innovative designs and solutions through effective collaboration with other teams.

### Designer

2008: Trileet Inc. (Contract) | 2002 - Present: Ryan Co (Freelance)

Working contract for Trileet Inc., to design iPhone and Sidekick game graphics and applications, and create intro video bumpers. Freelance for multiple small clients on print, mobile, and multimedia projects, I function as the sole creative contact and manage every aspect of design and production. The process comprises of client correspondence, budgeting, strategy, concept, and execution.
